Dear Parents and Caregivers

The term is nearly at an end and we are already half way through the year! It has been a busy and productive time for everyone as we have worked our way through the teaching and learning challenges that come our way.

At this time of year, student reports are a good way to reflect on what we have achieved and these will go home on Friday. As a staff, we have changed the format of these reports in an attempt to ensure that we provide you with relevant information about your child/ren’s progress. Were we successful? Next term there will be opportunities to comment on all aspects of the report format, either verbally at meetings such as Governing Council or Parent Club or in writing via the newsletter. Your feedback would be appreciated and assist us to continue to provide you with quality information in a professional format.

The other opportunity for some reflection and feedback is for me in my role as Principal here at Manoora Primary School. To that end, I have included a ‘Feedback Wanted!’ sheet with this newsletter that has just three questions on it:
- What is working well?
- Things would be even better if . . .
- Where to next?

If you have some time and would like to fill it out, that would be great. I have also asked staff to do the same and will be seeking feedback from the students as well. Responses can be anonymous if you wish and just need to be sent back to school next term. The feedback, aside from giving me things to think about and even action, is also a conversation starter with the ‘stakeholders’ of the school – yourselves as parents, the students and the staff – along the lines of ‘What do you think about this?’, ‘How shall we do . . .?’ so that our actions continue to benefit the students. Which is really what we are here for, isn’t it?

We have finalised the ‘Earn and Learn’ points and are proud to report that we will be sending off 87 completed sticker sheets this week, which I think is a great effort. Consultation has already begun with students about how we might ‘spend’ our points and the senior class has a sports catalogue in their possession that I think will be well thumbed!

Advance notice for those people interested in attending the South Australian Public Schools - Festival of Music (Choir) this year: tickets will be on sale through the school at a cost of $29 each or after August 19 through BASS at $31 each when ticket sales are open to the public. According to the information I received this week, seats will be allocated toward the front of the theatre as the students are in a high row. Our concert date is Sunday 15 September, the start of Week 9 next term. Further information about the choir and ticket sales will be forthcoming next term.

Ms Shellee Harradine and I met last Friday to do a ‘handover’ and talked through all the upcoming issues, activities and events. Shellee is excited about the opportunity to work in our school, with staff, students and parents, and I am sure she will make some valuable contributions in that time. I am sure Shellee would enjoy meeting members of our school community if you have the chance to call in. It is nice to be able to put names and faces together!

Enjoy the holiday break and I will see everyone at the start of Week 5 next term. Take care.

Tracy Griffin
Thankyou to Renae Voigt and Judy Hollamby for their donations and helping cook and serve last week’s Special Lunch. It was delicious, and all really enjoyed it!

Next term’s first Special Lunch will be held in approx. Week 3, 5th to 9th August. Helpers on for that lunch are Chris Palmer and Tracy Nicholls.

Our next Parents’ Club Meeting will be held Thursday 15th August at Jules Café in Riverton starting 9.30 am. After our short meeting, the Saddleworth Kindy Parents’ Club will join us to organise the upcoming Melbourne Cup function in the Clubrooms.

They need to be at the football canteen by 9.30 am on the Saturday morning. If you would still like muffin recipes, please see me, I have copies.

THANKYOU CHRIS PALMER.
Waratah News

While I was away for five weeks there has been some fabulous work happening with Ms. Hill.

One example is the Design and Technology class farm project. Students worked in pairs on different tasks to create different parts of the farm. It is currently in the Maths Room. The detail is excellent, and the students are proud of their results.

I also arrived back to a First Fleet Journal on my desk. It contains work from each student. If you get the change, please look through it as it is fantastic! I had an amazing time.
Week 10 we have stepped back in time! As part of our History theme we have been reading Big Books about ‘Australians; Then and Now.’ We talked about our favourite toys and past times, then recorded these by drawing pictures and writing about them. Our homework task was to research the past by asking parents or grandparents about their favourite toys and past times.

The children were very excited to share their research findings. They had the whole week to pose questions to parents and collect information…..but everyone was so interested in the topic, they had done it by Tuesday morning, and were very keen to recount what they knew. We sat down in a sharing circle, and each child shared information and stories about ‘What their Parents/Grandparents liked to play with when they were young’. It was lovely to listen to each person as their face lit up with wonder about how similar or different pastimes from ‘then’ and ‘now’ are. One student recounted, “My Dad’s was a motorbike….and he didn’t even have to wear a helmet!!!” A few Mum’s had the children mystified with ‘Cabbage Patch Dolls’ as their favourites. One student had to ‘Google’ typewriters to see what they looked like. We drew these and collated our work. Then jumped in a time machine and journeyed back into the past, viewing and reflecting on everyone’s parents favourite things.

Week 10 is nice to have a break from some of our routines. Spelling has been cooperative team games to spell words; older students managing a small group to come up with the best spelling within a time frame. ‘Categories’, using alphabet and spelling knowledge. And today, everyone’s favourite “The Spelling Game’, an exciting, pressure packed spelling game, where students form 2 teams, children can write words at their own level, and contribute to the team score all in 3 minutes!

We have continued our work on Money in maths. Last week we were recognising coins, using various denominations to count to $1.00, and identifying who is on each note. This week we have done a lot of adding of coins for younger students, and coins and notes for older students. Yesterday we had 2 rigorous maths activities on the go, requiring plenty of adding, matching, and recognising money.

We look forward to seeing you next term. Our themes will be ‘Fairytales’, a big literacy theme, that will incorporate our French Play “The 3 Little Pigs”. A big thank you to Sylvia Pinchon from Saddleworth, who has been kindly volunteering to come in weekly for 45 minutes in each class to share her French heritage and language with us. It is such a special opportunity to have a person who was born 20km from Paris teach our French! Book Week is also in term 3, and in weeks 5-7 we will be learning about the Planets as part of this years Book Week theme “Reading across the Universe”.

Wishing everyone a wonderful holiday! Banksia Class
